Product of Laser Ammo USA Inc.

Phone: 516-858-1262

Made in Israel

Assembled in the USA

This Product is patented under the United States Patents. The user is hereby placed on notice of Laser Ammo rights as listed on www.laser-ammo.com.

• **Marksanship** • **Speed** • **Drawing and Holstering** • **Trigger pull**

Instructions

Step 1 - Safety

- Unload the weapon
- Physically and visually inspect the cylinder to insure all the ammunition has been removed. ALL cylinders must be empty.
- Store ammunition in an area that is separate from your training area.

⚠ Always personally verify that all ammunition has been removed before training.
Do not allow any live ammunition in the training area.
WARNING: Failure to follow safety instructions may result in injury or death.

Step 2 - Installation - sleeve type

- 1 - Insert the SureStrike™ laser cartridge into the adapter sleeve from the rimed side of the adapter.
- 2 - Make sure the SureStrike™ is pushed all the way into the sleeve adapter.

Step 2 - Installation - Cap type

- 3 - Unscrew the Cap from the SureStrike™
 - Insert the battery with the plus side up.
- 4 - Connect the adapter cap to the laser by threading both parts together.
- Safety pipe and nut are not needed with revolvers.

All firearms are potentially dangerous and can cause great harm, personal injury and death. It is your responsibility and legal obligation to handle, load, unload, use, transport, maintain and store your firearm in a safe manner. No liability is expressed or implied for damage or injury as a result of installation or use of this product. Warranty is limited to the replacement or repair of the original product only.
